

The Art of Soap Making

Ingredients

Activated Charcoal Soap

Glycerin soap base (half Kg)

Essential oils (Tea tree oil and lavender oil) ---15 drops each

Pure activated charcoal soap

Air Freshener (2.5 liters)

Texapon

Water (2.5 Liters)

Perfumes (orange, juicy lemon and strawberry)

Methanol

Menthol

Industrial camphor

Whitener

Colour(pink)

Bleach (2 liters)

Caustic Soda (63 grams, mix in 250ml of water and soak for 1 hour)

Calcium Hypochlorite(63 grams, mix in 1.750ml of water)

Soda Ash (63 grams)

Sodium Sulfate (63 grams)

1

Cold process Soap

Caustic soda or lye or Sodium hydroxide (soak in water)

Shea butter

Olive oil

Coconut Oil

Palm Kernel oil

8 drops of eucalyptus oil

8 drops of tea tree oil

1 teaspoon of sodium silicates
Colour (Purple and cream)

Hand Sanitizer with Carbopol (2 liters)

Carbopol (Soak for 24 hours)
TEA (2.5ml)
1 Tablespoon Aloe vera gel
Fragrance oil (Apple)
Alcohol (Ethanol and IPA)
1 liter of IPA (Isopropyl Alcohol)
Ethanol

2

Disinfectant (1 liter)

Water
IPA
Texapon
Pine oil
Chloroxyleneol
Brown color

Chemicals and Equipments

Caustic soda

Soda ash
Hypochlorite
Sodium sulfate

3

Toilet Wash

Caustic Soda in water for 1 hour
Natrosol in Water, stir for 20-25 minutes
Sulphonic acid
500ml of solution
Hydrochloric acid
Color (Blue)
Fragrance (Apple)

Transparent Liquid Soap

Caustic Soda
Texapon
Sulphonic acid
Glycerin
Cooking Salt
Fragrance
Color (Yellow)

SLS (Sodium Lauryl Sulfate)
Salt

4

Body Wash

Natrosol
2 Liters of Water
Texapon
Cocamide
Pearlizer
Coconut oil
Glycerin
Fragrance (Orange)

Multi-purpose soap non-transparent (20 liters)

Natrosol
13.4 liters of water
Caustic soda/sodium hydroxide/lye
SLS
SLTPP
Soda ash
Texapon
Sulphonic
Jelly stuff

Powdery stuff
Foam booster
Preservative
Fragrance
Different color of your choice

5

Antibacterial hand wash (1.75 liters)

Nice Fragrance
63 grams of natural salt
Texapon
Essential oil/tea tree oil
SLS
13 ml of glycerin
Scent
Perfume oil
pearlizer/pearl paste
Preservative
